

## *Handle Trade Declarations with extra efficiency.*

**Upgrade** to ValuNet Deluxe now!

Tradelink's new ValuNet Deluxe software is renowned for handling trade declarations with high efficiency and convenience. Since its launch last year, over 4500 customers have installed the software to their shipping operation. ValuNet Deluxe, as an integrated solution, offers a sophisticated user interface, as well as a robust database architecture using Microsoft SQL Database. Here are some highlights of the enhanced functions and features:

- Support of new submission mode by submission in the Mainland by submission and approval and issuance in HK
- Improved software performance that reduces the time and resources needed for Trade
- Revamped robust database engine - Microsoft SQL Server Desktop Engine database for increased scalability and reliability
- Enhanced search functions and a more user-friendly user interface
- Export of trade-declaration statements into Excel for auditing and billing
- ValuNet Deluxe can be installed on computers equipped with Windows 2000/Pentium III or above without extra hardware. All existing data can be transferred to the new software.

### *Win HP iPAQ and notebook computer*
