

## Electronic Cargo Manifest (“EMAN”) Amendments for 2010

The Census and Statistics Department (“C&SD”) has announced that the latest amendments to the “Dutiable Commodity Type Code” for EMAN will become effective starting from 1 July 2010. Carriers are reminded to use the amended codes for reporting dutiable commodities in your EMAN submissions with effect from 1 July 2010.

A “Smart Upgrade Directive” will be sent to your LogiNet Deluxe Inbox shortly. You are not required to respond to that message as the software will execute a process to update the codes automatically the first time you login to LogiNet Deluxe on or after 1 July 2010. Please make sure all users have logged out of LogiNet Deluxe during the upgrade process.

For details about the “Dutiable Commodity Type Code” amendments, please refer to the Government website:
