### **Special Notice to Hong Kong Based Air Transport and Transport Undertakings on Waiver of Government Declaration Charges for the Exempted Items**

With reference to the letter issued by the Hong Kong Customs and Excise Department (Ref: C&E TIB/TDID/PCS/10/18) dated 24 October 2007 on implementing the wavier of declaration charges upon lodging the relevant trade declarations, Tradelink Electronic Commerce Limited ("Tradelink") will introduce two new declaration form types into Tradelink system. The Hong Kong based airlines / transport undertakings operating sea or air freight transport services ("Relevant Traders") require a system enhancement before using these two new form types. Tradelink has already made arrangement with customers concerned for upgrading their ValuNet Deluxe software. There is no need on any system upgrade for individual users of the Tradelink Trade Declaration Webform Service as Tradelink will perform an internal system enhancement.

With effect from 4 November 2007 and after completion of the software enhancement, the Relevant Traders can use the new form types to lodge the exempted items without paying the Government declaration charges. For avoidance of doubt, Tradelink service charges remain unaffected.

If your company is using the ValuNet Deluxe software and engages in the exempted items BUT has not been informed of any system upgrade arrangement from Tradelink, please fill in the reply slip below and fax back to us at 2506 0388 at your earliest convenience.

For full details of the above said letter, please refer to the following website of the Hong Kong Customs and Excise Department at
