

TRADELINK ANNOUNCEMENT

Some say that Tradelink will provide no more trade declaration service next year? What a joke? Tradelink has just been listed at the Hong Kong Stock Exchange, does it makes any sense to say Tradelink will stop its service?

Tradelink's GETS licence is valid through 2008. Regarding some people say that Tradelink will discontinue offering Trade Declaration service in 2006, Tradelink would like to guarantee to all Tradelink customers that Tradelink will continue to provide the electronic services as normal.
