

## **Tradelink introduces Hong Kong's e-commerce development to International Settlement Training Delegation of Bank of China**

Agnes Nardi, Deputy Chief Executive Officer of Tradelink Electronic Commerce Limited (“Tradelink”) and the management team introduced electronic commerce and finance development to the International Settlement Training Delegation of Bank of China (“BOC”) on 17 March 2008.

Tradelink representative introduced the business mission, e-commerce platform as well as the development and operation of Digital Trade and Transportation Network (“DTTN”). During the meeting, the cases of local and overseas e-payment facilitation services are shared with the training delegates. Tradelink and DTTN provide a one-stop-shop solution that facilitates electronic document exchange with logistic industry in the supply chain. It provides an efficient electronic trading service for suppliers and their partners by supporting all electronic trading, logistic, financial and government documents. The delegates expressed strong interest in e-commerce service provided by Tradelink at the meeting.
